

LETTER TO PARENTS

Dear parents who are interested in our wonderful project for a school for your children, we are faced with a very complicated situation with the coronavirus, as many of you also are. The school project has been delayed but we can at last see the light at the end of the tunnel!

We are starting our open days as far as that is possible and we will transform them into online virtual visits if that it is necessary.

Marie Mellet, the director, will be delighted to answer your questions. Please do not hesitate to contact her on contact@ecole-gerbert-aurillac.fr.

We need you to give life to this project so your children can inaugurate a brand-new beautiful school with a fulfilling and structured educational programme.

We are here to provide further information about this project, a project that we undertake with pleasure.

Take care of yourselves during these difficult times.
